# Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 11 a.m. Monday, January 12, in Room 401 of the Kansas Department of Agriculture, 109 S.W. 9th, Topeka, to consider the adoption of a proposed change in an existing rule and regulation of the Grain Warehouse Program. A summary of the proposed regulation and its economic impact follows.

K.A.R. 4-25-16. The proposed regulation establishes fee increases authorized in K.S.A 34-228. These increases include the fee associated with annual fees for warehouses with a capacity of 700,001 bushels or greater. This also will include increasing the fee associated with amending the license, the fee associated with the hourly rate for additional or special examinations, and the fee associated with the functional unit. The proposed regulation will increase existing fees in the last half of fiscal year 2004 and subsequent fiscal years.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rule and regulation. All interested parties may submit written comments prior to the hearing to the Secretary of Agriculture,

109 S.W. 9th, 4th Floor, Topeka, 66612. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulation during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Leslie Garner at (785) 296-4623 or fax (785) 368-6668. Handicapped parking is located on the southwest corner of 9th and Kansas Ave., and the north entrance to the building is accessible to individuals with disabilities.

Copies of the regulation and the economic impact statement may be obtained by contacting the Department of Agriculture at (785) 296-4623 or by accessing its Web site at accesskansas.org/kda and clicking on "Proposed Regulations."

## Office of the Governor

# Executive Order No. 03-21 Establishing the Governor's Office of Health Planning and Finance

WHEREAS, health costs are rising rapidly, threatening the ability of Kansans to access affordable health care; and WHEREAS, over ten percent of Kansas citizens lack

health insurance; and

WHEREAS, the health care industry comprises twelve percent of the state's gross product and provides employment to thousands of its citizens; and

WHEREAS, Kansas needs to address the approaching crisis in health care with a comprehensive plan that focuses on the issues of quality, affordability, accessibility and financing.

NOW THEREFORE, I create an Office of Health Planning and Finance with the following purpose and charge:

- (1) Serve as the convenor of health policy initiatives that assure coherent, collaborative and cross agency data collection, analysis and policy development.
- (2) Serve as coordinator of health and health care policy initiatives brought forth by HHS Cabinet Team members and approved by the Governor.
- (3) Bring together providers, advocates, key Cabinet officials, elected officials, and business leaders to plan a comprehensive approach to addressing the key issues of cost, quality and accessibility.
- (4) Inform the public about health issues and possible solutions.
- (5) At the request of the Governor, develop a multiyear plan to address issues of health and health care that focuses on short, middle and long term solutions to the issues of affordability, accessibility and quality.
- (6) Coordinate public purchasing of health care by state agencies in such a way as to improve quality and the cost-effectiveness of health care services.

This document shall be filed with the Secretary of State as Executive Order No. 03-21 and shall become effective immediately.

Dated October 24, 2003.

The Kansas Department of Health and Environment is soliciting comments regarding the amendment of a previously-issued air quality construction permit. National Co-operative Refinery Association, McPherson, owns and operates the stationary source located at 1391 Iron Horse Road, McPherson. Certain requirements were found to no longer be appropriate in the construction permit dated August 1, 1984. These requirements are being modified.

A copy of the modification is available for public inspection for a period of 30 days from the date of publication during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka; and at the KDHE North Central District Office, 2501 Market Place, Salina. To obtain or review the modification, contact Dana Morris, (785) 296-1578, at the KDHE central office; or Craig Forsberg, (785) 827-9639, at the KDHE North Central District Office. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed modification to Dana Morris, KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received by the close of business December 8.

A person may request a public hearing be held on the proposed modification. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Connie Carreno, Bureau of Air and Radiation, not later than the close of business December 8 in order for the Secretary of Health and Environment to consider the request.

# Notice of Hearing on Proposed Administrative Regulations

The Kansas Department of Health and Environment, Division of Environment, Bureau of Air and Radiation, will conduct a public hearing at 10 a.m. Tuesday, January 6, in the Prairie Conference Room, third floor, Curtis State Office Building, 1000 S.W. Jackson, Topeka, to consider the adoption of a proposed amendment to existing air quality regulation K.A.R. 28-19-202. K.A.R. 28-19-202 applies to the state's annual air emissions fee program. A summary of the proposed amendment and its economic impact follows.

Proposed amendments to K.A.R. 28-19-202: Federal law requires that state air quality permit programs be funded through an annual fee assessed on emissions from regulated air emission sources. The Kansas Air Quality Act authorizes the required fee system at K.S.A. 65-3024. K.A.R. 28-19-202 imposes an annual fee on emissions of air pollutants from certain major stationary sources. The proposed amendments to this regulation increase air emission fees and implement requirements that direct the Secretary of Health and Environment to "periodically increase or decrease such fees consistent with the need to cover the direct and indirect costs" of implementing the air program. The proposed amendment increases the fee from \$20 per ton to \$25 per ton for emissions in the years 2001 and beyond. Total additional fee receipts of approximately \$847,875 for SFY 2004 are expected for the approximately 240 air sources subject to this regulation, based on estimated total emissions of 169,575 tons during the year from these sources. This increase is necessary due to reductions in agency revenues resulting from reductions in emissions, an increase in the assessed indirect costs, and the transfer of fee fund interest to the general fund. Additional changes are made to the rule to clarify the late fee provisions, and deletion of obsolete language is proposed.

The time period between the publication of this notice and the scheduled hearing constitutes a 60-day public comment period for the purpose of receiving written public comments on the proposed regulatory action. All interested parties may submit written comments prior to the hearing to Ralph J. Kieffer, Bureau of Air and Radiation, Suite 310, Curtis State Office Building, 1000 S.W. Jackson, Topeka, 66612. All interested parties will be given a reasonable opportunity to present their views orally on the proposed regulatory action during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to require each participant to limit any oral presentation to five minutes.

Copies of the proposed amendments and the economic impact and environmental benefit statements may be obtained by contacting the Kansas Department of Health and Environment, Bureau of Air and Radiation, at (785) 296-6428. Questions pertaining to these proposed amendments should be directed to Ralph J. Kieffer, (785) 296-6428, or to Tom Gross, (785) 296-1692.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed amendments and the economic impact and environmental benefit statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Ralph J. Kieffer.

### **Request for Comments**

The Kansas Department of Health and Environment and the Unified Government of Wyandotte County/Kansas City, Kansas' Department of Air Quality (DAQ) are soliciting comments regarding a proposed air quality operating permit. Sinclair Oil Company has applied for a Class I operating permit in accordance with the provisions of K.A.R. 28-19-510 et seq. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards and requirements applicable to each source; and the monitoring, record keeping and reporting requirements applicable to each source as of the effective date of permit issuance.

Sinclair Oil Corporation, Salt Lake City, Utah, owns and operates a bulk gasoline terminal located at 3401 Fairbanks Ave., Kansas City, Kansas.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for a 30-day public review during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Topeka; and at the DAQ, 619 Ann Ave., Kansas City. To obtain or review the proposed permit and supporting documentation, contact Donna Reno, (785) 296-5659, at the KDHE central office; or Andrew Beard, (913) 573-6700, at the DAQ. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Andrew Beard, DAQ, 619 Ann Ave., Kansas City, KS 66101. In order to be considered in formulating a final permit decision, written comments must be received by the close of business December 8.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Donna Reno, Bureau of Air and Radiation, KDHE, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366, not later than the close of business December 8 in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the 30-day public comment period, within which to object to

(continued,

the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA 45-day review period. If the EPA waives its 45-day review period, the 60-day public petition period will start directly after the 30-day public comment period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Gary Schlicht, U.S. EPA, Region VII, Air Permitting and Compliance Branch, 901 N. 5th St., Kansas City, KS 66101, (913) 551-7097, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

Facility Description: Fort Riley is a military installation for the 24th Infantry Division and is comprised of activities and facilities for housing, training and supporting two active Army brigades and one reserve component brigade. The proposed action is to issue a new permit for operation of a new wastewater treatment facility and incorporation of three existing wastewater treatment plants into the permit: 001X (Advanced Wastewater Treatment Plant [AWWTP]) treats wastewater from Custer Hill, Main Post, and Camp Forsythe areas. Wastewater is conveyed via gravity sewers and several pump stations to the new AWWTP. Some septage from various parts of the post also is trucked to the septage receiving station located at the AWWTP. This advanced treatment plant will receive domestic, vehicle maintenance area, medical facility and laundry wastewater. It also will receive silver recovery effluent from spent photo fixer, floor scrubbers wash water, cooling towers heat exchanger, coil cleaning wastewater, aircraft maintenance oil wastewater, and purge water from monitoring wells. The wastewater is treated in two automatic and one manual bar screens, a grit chamber, a continuous loop reactor, two secondary clarifiers, two UV channels through two flow meters, and a cascade aeration system. Waste activated sludge, return activated sludge and floating scum from the clarifiers is directed to an aerated holding tank, a gravity belt thickener, three aerobic digesters, a digested sludge holding tank and a belt filter press. Two of the existing facilities being incorporated into this permit are 001a (Silver Recovery System) treating discharge from the Irwin Army Community Hospital prior to commingling with other wastes and 004 (Custer Hill Vehicle Wash Facility) consisting of three stages, a pre-wash assembly area, a birdbath and a post wash area. The proposed permit includes limits for biochemical oxygen demand, total suspended solids, ammonia, fecal coliform, oil and grease, and pH. Monitoring for total recoverable silver, sulfate, chloride, total organic carbon and effluent flow also will be required. Annual monitoring for total recoverable heavy metals, volatile organic chemicals and a chronic whole effluent toxicity test is required. In addition to the discharging locations mentioned above, this permit also will incorporate the Multipurpose Range Complex Wastewater Lagoon, an existing nondischarging stabilization pond system treating domestic waste. The proposed permit also includes generic water quality language to protect waters of the state. Included in this permit is a schedule of compliance that requires the permittee to develop and implement a stormwater pollution prevention plan within one year of the effective date of this permit. This permit also contains requirements for submitting discharge monitoring report data to KDHE and for the decommissioning of appropriate facilities under Kansas Permit No. F-KS97-PO01. Authority to operate the three existing wastewater treatment systems will automatically pass from Kansas Permit No. F-KS97-PO01 to F-KS97-PO02 when the new wastewater treatment plant begins operation. The permit requirements are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28(bf), and Federal Surface Water Criteria, and are water-quality based.

Facility Location: 1539 S. St. Paul, Wichita, KS 67213

Facility Description: The proposed action is to reissue an existing permit for operation of an existing wastewater treatment facility. This facility manufactures aircraft sheet metal parts. About 100,800 gallons per day of uncontaminated well water is used as once through noncontact cooling water for seam welding equipment, the heat treatment vacuum furnace and the quench tank cooler. This uncontaminated groundwater is discharged from a collection tank into the city of Wichita's storm sewer at Outfall 001. About 365,000 gallons per day of contaminated groundwater also is used as once-through noncontact cooling water. The contaminated groundwater is then

treated in an air stripper before it commingles with the uncontaminated cooling water at outfall 001 for discharge into the city of Wichita's storm sewer. If, necessary, discharge from the air stripper can be directed to the sanitary sewer. All process and domestic wastewater is discharged into the city of Wichita sanitary sewer. The proposed permit includes limits for trichloroethylene, 1,2-dichloroethane, 1,1-dichloroethylene, cis-1,2-dichloroethylene, tetrachloroethylene, 1,1,1-trichloroethane, 1,1,2-trichloroethane and pH. Monitoring of temperature, chloride, sulfate and effluent flow also will be required. Included in this permit is a schedule of compliance that required the permittee to either submit an acceptable "No Exposure Certification for exclusion from NPDES Storm Water Permitting" or commence development and implementation of a Stormwater Pollution Prevention Plant within 30 days of the effective date of this permit. The permit requirements are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28(b-f), and Federal Surface Water Criteria, and are water-quality based.

Facility Descriptions: The proposed action for the three facilities listed above is to reissue existing permits of operation of the existing wastewater treatment facilities treating primarily domestic wastewater. Included in the permits are schedules of compliance requiring the permittees to obtain the services of KDHE-certified wastewater treatment plant operators to achieve compliance with the permits. Discharge of wastewater from these treatment facilities to surface waters of the State of Kansas is prohibited by the permits.

Persons wishing to comment on or object to the draft permits and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments or objections considered in the decision making process. Comments or objections should be submitted to the attention of Glenda Newquist for agricultural permits or applications, or to the permit clerk for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367.

All comments regarding the draft permit or application notice postmarked or received on or before December 6 will be considered in the formulation of final determinations regarding this public notice. Please refer to the appropriate Kansas permit number (KS-AG-03-275/278, KS-03-159/165, KS-ND-03-028/030) and name of applicant/application as listed when preparing comments.

If no objections are received during the public notice period regarding any proposed permit, the Secretary of Health and Environment will issue the final determination regarding issuance or denial of the proposed permit. If response to this notice indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC). Media coordination for publication and/or announcement of the public notice or public hearing is handled by the Kansas Department of Health and Environment.

For agricultural permits and applications, a copy of the permit application, supporting documentation and a KDHE-developed fact sheet, if appropriate, is available for review at the appropriate district office:

Northwest District Office, 2301 E. 13th, Hays, 67601-2651, (785) 625-5664

#### **Request for Comments**

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality operating permit. Farmland Industries Terminal Operations has applied for a Class I operating permit in accordance with the provisions of K.A.R. 28-19-510 et seq. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards and requirements applicable to each source; and the monitoring, record keeping and reporting requirements applicable to each source as of the effective date of permit issuance.

Farmland Industries Terminal Operations, Phillipsburg, owns and operates a facility that receives asphalt, crude oil and other petroleum products located at Ter-

minal, North Highway 183, Phillipsburg.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for a 30-day public review during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka; and at the KDHE Northwest District Office, 2301 E. 13th, Hays. To obtain or review the proposed permit and supporting documentation, contact David Behzadpour, (785) 291-3278, at the KDHE central office; or Richard Robinson, (785) 625-5663, at the KDHE Northwest District Office. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to David Behzadpour, KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received by the close of business December 8.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Connie Carreno, Bureau of Air and Radiation, not later than the close of business December 8 in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the 30-day public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA 45-day review period. If the EPA waives its 45-day review period, the 60-day public petition period will start directly after the 30-day public comment period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity

during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Gary Schlicht, U.S. EPA, Region VII, Air Permitting and Compliance Branch, 901 N. 5th St., Kansas City, KS 66101, (913) 551-7097, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

#### **Request for Comments**

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality operating permit modification and a construction permit modification. ONEOK Field Services Company will be issued a modified Class I Air Operating Permit and a modified Construction Permit in accordance with K.A.R. 29-19-513 and K.A.R. 28-19-302, respectively. The purpose of the modifications is to correct conditions previously listed in the respective permits.

ONEOK Field Services Company, Tulsa, Oklahoma, owns and operates the Okmar natural gas compressor station located at Section 35, Township 32 South, Range 12 West, Barber County, Kansas.

A copy of the proposed permits, permit applications, all supporting documentation and all information relied upon during the permit application review process is available for a 30-day public review during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka; and at the South Central District Office, 130 S. Market, Suite 6050, Wichita. To obtain or review the proposed permits and supporting documentation, contact Michael J. Parhomek, (785) 296-1580, at the KDHE central office; or Don Mies, (316) 337-6107, at the South Central District Office. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permits to Michael J. Parhomek, KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received by the close of business December 8.

A person may request a public hearing be held on the proposed permits. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Donna Reno, Bureau of Air and Radiation, not later than the close of business December 8 in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the 30-day public comment period, within which to object to

the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. Proposals will be issued upon request to all prospective bidders who have been prequalified by the Kansas Department of Transportation on the basis of financial condition, available construction equipment and experience. Also, a statement of unearned contracts (Form No. 284) must be filed. There will be no discrimination against anyone because of race, age, religion, color, sex, handicap or national origin in the award of contracts.

Each bidder shall file a sworn statement executed by or on behalf of the person, firm, association or corporation submitting the bid, certifying that such person, firm, association or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid.

This sworn statement shall be in the form of an affidavit executed and sworn to by the bidder before a person who is authorized by the laws of the state to administer oaths. The required form of affidavit will be provided by the state to each prospective bidder. Failure to submit the sworn statement as part of the bid approval package will make the bid nonresponsive and not eligible for award consideration.

Plans and specifications for the projects may be examined at the office of the respective county clerk or at the KDOT district office responsible for the work.

(2) No evidence of continuing education shall be required for license renewal in even-numbered years.

- (b) Each licensee initially licensed in an even-numbered year shall submit evidence of completing a minimum of 20 contact hours of continuing education before or with the application for the first renewal.
- (c) Any licensee who cannot meet the requirements of paragraph (a)(1) or subsection (b) may request an extension from the board. The request shall include a plan for completion of the continuing education requirements within the requested extension period. An extension of not more than six months may be granted by the board for good cause shown.
- (d) A contact hour shall consist of 60 minutes of instruction.
- (e) The content of the continuing education classes or literature shall be related to the field of occupational therapy or similar areas.
- (f) Each licensee shall acquire continuing education from the classes of education experiences defined in subsection (g). The licensee shall acquire a minimum of 30 contact hours from Class I, Class IV, or Class V. A maximum of eight contact hours may be acquired from Class II. A maximum of two contact hours may be acquired from Class III. A maximum of 30 contact hours may be acquired from Class V. A maximum of 10 contact hours may be acquired from Class VI.
- (g) Continuing education experiences shall be classified as follows.
- (1) Class I—Attendance at or participation in an education presentation. Class I continuing education experiences shall include the following types of education offerings.

- (A) Lectures. A "lecture" means a discourse given for instruction before an audience or through a teleconference
- (B) Panels. A "panel" means the presentation of a number of views by several professional individuals on a given subject, with none of the views considered a final solution.
- (C) Workshops. A "workshop" means a series of meetings designed for intensive study, work, or discussion in a specific field of interest.
- (D) Seminars. A "seminar" means directed advanced study or discussion in a specific field of interest.
- (E) Symposiums. A "symposium" means a conference of more than a single session organized for the purpose of discussing a specific subject from various viewpoints and presented by various speakers.
- (F) College or university courses. Ten contact hours shall be given for each college credit hour with a grade of at least "C" or a "pass" in a pass/fail course.
- (G) Other courses. An "other course" means a home study, correspondence, audio, video, or internet course for which the provider furnishes documentation of successful completion.
- (2) Class II—In-service training. A maximum of four contact hours may be given for attending in-service training. A maximum of four contact hours may be given for instructing the in-service training, but no additional hours shall be acquired for attending that particular inservice training.
- (3) Class III—Professional reading. A maximum of two contact hours may be given for reading professional literature, whether printed or provided by audiotapes, videotapes, or electronic media.
- (4) Class IV—Professional publication. The maximum number of contact hours that may be given for professional publication shall be as follows:
- (A) 30 hours for publication of a book or original paper; and
- (B) 15 hours for a review paper, case report, abstract, or book review.
- (5) Class V—Instructor preparation of Class I programs. Each licensee who presents a Class I continuing education program or its equivalent shall receive three Class V contact hours for each hour of presentation. No credit shall be granted for any subsequent presentations on the same subject matter.
- (6) Class VI—Fieldwork supervision of level II students. Five contact hours may be given for supervising a level II student's full-time fieldwork for at least a sixweek period or its equivalent. Ten contact hours may be given for supervising fieldwork for at least a 12-week period or its equivalent.
- (h) Each licensee shall submit documented evidence of attendance at, participation in, or presentation to Class I and Class II continuing education activities. Each licensee shall submit personal verification for Class III activities. Copies of publications shall be submitted for verification of Class IV activities. Verification of Class VI fieldwork supervision shall be submitted by the licensee's employer.
- (i) Instructional staff shall be competent in the subject matter and in the methodology of instruction and learn-

ing processes as evidenced by experience, education or publication. (Authorized by K.S.A. 65-5405; implementing K.S.A. 65-5412; effective, T-88-17, July 1, 1987; effective May 1, 1988; amended Feb. 14, 1997; amended Nov. 21, 2003.)

**100-54-8.** Reinstatement; expired and revoked licenses. (a) Any person may renew a license within 30 days following the date of license expiration upon payment of the license late renewal fee.

(b) For purposes of this regulation, "reinstatement" shall mean late renewal after 30 days, but five years or less, after the expiration date of a license.

- (c) Any person may request reinstatement of a license. The request for reinstatement shall be submitted on a form provided by the board and shall be accompanied by the following:
  - (1) The prescribed license reinstatement fee; and

(2) proof of satisfactory completion of a program of continuing education as required by the board.

- (d)(1) If the time since the license expired has been one year or less, no continuing education in addition to that which would have been necessary had the license been renewed before expiration shall be required.
- (2) If the time since the license expired has been more than one year but fewer than three years, the applicant shall complete a minimum of 20 contact hours.
- (3) If the time since the license expired has been at least three years but not more than five years, the applicant shall complete or provide one of the following:
- (A) A minimum of 20 contact hours for each year or portion of a year since the date the license expired;
- (B) proof that the applicant has passed the examination required under K.A.R. 100-54-3 within the past six months; or

(C) an educational program related to continued competency approved by the board.

- (4) If the applicant has been in active practice in another state or the District of Columbia since the date on which the registration or certificate expired, the applicant shall submit proof of current license, registration, or certification, and proof of compliance with the continuing education requirements of that jurisdiction.
- (e) Each occupational therapist and occupational therapy assistant whose license has been reinstated within two years of a license date in an odd-numbered year shall complete a minimum of 10 contact hours of continuing education for every six-month period from the date of reinstatement to the end of the next even-numbered calendar year. An occupational therapist or occupational therapy assistant whose license was reinstated after July 1 in an even-numbered year shall not be required to obtain continuing education for the first renewal in an odd-numbered year.
- (f) Each applicant seeking reinstatement of a revoked license shall successfully complete a program approved by the board. (Authorized by K.S.A. 65-5405; implementing K.S.A. 65-5412; effective, T-88-17, July 1, 1987; effective May 1, 1988; amended Jan. 15, 1999; amended Nov. 21, 2003.)

#### Article 13.—RETAIL LIQUOR DEALER

- **14-13-9.** Transactions prohibited, agreements and deliveries by retailer for sale or resale off licensed premises, registration of vehicle. (a) Any retailer may sell and deliver alcoholic liquor to a club, drinking establishment, or caterier if all of the following conditions are met:
- (1) All deliveries of alcoholic liquor are made to the licensed premises of a club or drinking establishment and to the principal place of business of a caterer.
- (2) All deliveries are made by a registered employee of the retailer.
- (3) All deliveries are made in a registered vehicle of the retailer.
- (4) The retailer provides a sales slip or voucher for each item delivered as required by K.A.R. 14-13-10.
- (5) The retailer receives payment for all deliveries before or at the time of the deliveries.
- (6) The retailer has first obtained a federal wholesale basic permit and displays a sign on the licensed premises stating that the retailer is a "Wholesale Liquor Dealer Under Federal Law."
- (7) All deliveries of alcoholic liquor are made on those days and during those hours that a retailer may sell alcoholic liquor as provided in K.S.A. 41-712, and amendments thereto.
- (8) All deliveries originate from the licensed premises of the retailer.
- (b) Each retailer who desires to transport alcoholic liquor shall register each vehicle to be used for the transportation of alcoholic liquor with the director, upon forms provided by the director, and shall maintain in each vehicle an identification card issued by the director. Each registered delivery vehicle shall display the retail licensee's business name and address in plain block lettering on the front door panels of the delivery vehicle.
- (c) Any retailer may sell alcoholic liquor to a temporary permit holder if all of the following conditions are met:
- (1) Sales are made only upon the licensed premises of the retailer.
- (2) No deliveries are made to a temporary permit holder or an event sponsor.
- (3) The retailer provides a sales slip or voucher as required by K.A.R. 14-13-10.
- (d) Retailers shall not sell or deliver any alcoholic liquor to any person with knowledge of, or with reasonable cause to believe, that the person to whom the liquor is sold or delivered has acquired the alcoholic liquor for the purpose of peddling or reselling the alcoholic liquor in violation of article 13 of these regulations, the Kansas liquor control act, or the club and drinking establishment act.

(continued)

(e) All alcoholic liquor of a retail licensee shall be stored upon the licensed premises of the licensee. Alcoholic liquor shall not be stored upon the licensed premises after the sale. (Authorized by K.S.A. 41-210; implementing K.S.A. 41-210, K.S.A. 41-308, and K.S.A. 41-717; effective May 1, 1988; amended Aug. 6, 1990; amended July 1, 1991; amended Nov. 21, 2003.)

#### Article 23.—SOUTHWEST KANSAS GROUNDWATER MANAGEMENT DISTRICT NO. 3

**5-23-4.** Safe yield: high plains aquifer. (a) Except as set forth in subsection (b), the approval of all applications for a permit to appropriate water from the high plains aquifer, and the approval of all applications for a change in the point of diversion if the diversion works have not been completed under the original approved application, shall be processed in accordance with K.A.R. 5-3-9, K.A.R. 5-3-10, and K.A.R. 5-3-11. For the purpose of applying K.A.R. 5-3-11 (d)(3) within the boundaries of the district, the percentages of the calculated recharge that shall be considered to be available for appropriation shall be determined using the following table:

#### Percent of Calculated Recharge Available

## for Appropriation River Basin

(A) 75 %	Arkansas
(B) 75 %	Cimarrron River
(C) 75 %	Crooked Creek
(D) == 0/	NT (1 F 1 C)

- (D) 75 % North Fork Cimarron River
- (b) This regulation shall not apply to the following:
- (1) Wells for domestic use;
- (2) wells authorized by temporary permits;
- (3) wells authorized by term permits of fewer than five years;
- (4) an application to appropriate 15 acre-feet of water or less if all of the following conditions are met:
- (A) The safe yield has been exceeded but the sum of the annual quantity requested by the proposed appropriation and the total quantities authorized by prior permits because of this exemption does not exceed 15 acrefeet in a circle with a radius of ½ mile surrounding the proposed point of diversion.
  - (B) Well spacing criteria have been met.
- (C) Approval of the application will not authorize an additional quantity of water out of an existing well authorized by a nondomestic approval of application or water right, which would result in a total combined annual quantity of water authorized from that well in excess of 15 acre-feet.
- (D) All other criteria for processing a new application have been met.
- (c) Each application filed to request a well within the area described in subsection (e) shall include a driller's log, an electric log, and a laboratory analysis from a state-certified laboratory of the chloride concentrations in samples taken from whatever depths are necessary to determine the vertical location where the chloride concentrations exceed 250 milligrams per liter (mg/l). The samples shall be taken from a well located within a 300-foot radius of the proposed well. A state-certified laboratory analysis shall be used to determine the vertical location of the chloride concentrations exceeding 250 mg/l.

- (d) Each well constructed in the area described in subsection (e) shall be constructed in a manner that prevents the movement of water containing 250 mg/l of chlorides beyond its naturally occurring condition.
- (e) The level of chlorides may exceed 250 mg/l in the following areas:
- (1) The west ½ of townships 33, 34, and 35 south, range 28 west in Meade County, Kansas;
- (2) the east ½ of township 33 south, range 29 west in Meade County, Kansas;
- (3) all of townships 34 and 35 south, ranges 29 and 30 west in Meade County, Kansas; and
- (4) all of townships 34 and 35 south, ranges 31 and 32 west and the east ½ of townships 34 and 35 south, range 33 west in Seward County, Kansas. (Authorized by K.S.A. 82a-706a and 82a-1028; implementing K.S.A. 82a-706a, K.S.A. 2002 Supp. 82a-711, and K.S.A. 2002 Supp. 82a-1028; effective May 1, 1981; amended May 1, 1986; amended Aug. 28, 1989; amended Sept. 22, 2000; amended Nov. 21, 2003.)
- **5-23-4a.** Criteria for closing townships to new appropriations. (a) Entire townships shall be closed to further appropriation of water for beneficial use from the high plains aquifer if at least one of the following conditions exists:
  - (1) The entire township is fully appropriated.
- (A) A township shall be considered to be fully appropriated if the aquifer within the township would be depleted by 40 percent or more in 25 years if current vested rights and appropriations are fully exercised and all limitation clauses listed on permits to appropriate water and certificates are in force.
- (B) Aquifer depletion shall be calculated using the allowable annual appropriation formula described in subsection (b) with the area of consideration equal to the number of acres within sections of land containing saturated thickness within the township.
- (2) The average saturated thickness of the aquifer within the township is 50 feet or less, as set forth in K.A.R. 5-23-15.
- (3) The aquifer has been depleted by 20 percent or more since 1950. Depletion since 1950 shall be determined from maps or data, or both, recommended by the board and adopted by the chief engineer by regulation.
- (4) Groundwater pumping has lowered the water level of the high plains aquifer, which has diminished the baseflow from the aquifer to the stream and impaired senior domestic surface water rights and other senior surface water rights.
- (5) Groundwater pumping in an area has lowered the water level of the freshwater to the point that the issuance of additional approvals of applications will induce water in excess of 250 milligrams per liter chlorides to mix with overlying freshwater, causing contamination of the overlying freshwater.
- (b) Except for the types of wells listed in subsection (c), the proposed appropriation, when added to the vested rights, prior appropriation rights, and earlier priority applications, shall not exceed, in 25 years, a calculated rate of depletion of 40 percent of the saturated thickness underlying the area of consideration. analysis, all vested rights, appropriation rights, approvals of applications, and prior unapproved applications shall be considered to be fully exercised, and all limitation clauses on approvals of application and certificates shall be considered to be in force. The allowable annual appropriation shall be calculated using the following formula:

Allowable Aquifer Yield = 
$$\frac{0.40 \text{AMS}}{25}$$
 +  $\frac{AR}{12}$ 

Allowable aquifer yield = the amount of water, measured in acre-feet, available annually for appropriation from a proposed point of diversion (well).

A = the "area of consideration" shall be equal to the number of acres within sections containing saturated thickness within the township and within the district.

M = the number of feet of average saturated thickness of the high plains aquifer within the township as set forth in K.A.R. 5-23-15.

S = the storage coefficient or a specific yield of 15 percent.

R = average annual recharge and return flow, which shall be one inch per year.

(c) The calculation specified in subsection (b) shall not include the following types of wells:

(1) Wells for domestic use;

(2) wells authorized by temporary permits; and

(3) wells authorized by term permits of fewer than five years. (Authorized by K.S.A. 82a-706a and 82a-1028(o); implementing K.S.A. 82a-1028(n); effective Sept. 30, 1991; amended Sept. 22, 2000; amended Nov. 21, 2003.)

**5-23-4b.** Township closures. (a) The following townships have been determined to meet the criteria in K.A.R. 5-23-4a for closing a township to new appropriations of water from the high plains aquifer; therefore, no new appropriations of water shall be allowed from the high plains aquifer in the following townships, except as described in subsection (b):

- (b) The closure of the townships to new appropriations of water from the high plains aquifer as listed in subsection (a) shall not apply to the following:
  - (1) Wells for domestic use;
  - (2) wells authorized by temporary permits;
- (3) wells authorized by term permits of fewer than five years; and
- (4) wells authorized by an application to appropriate 15 acre-feet of water or less if the following conditions are met:
- (A) The allowable aquifer yield has been exceeded, but the sum of the annual quantity requested by the proposed appropriation and the total quantities authorized by prior permits because of this exemption does not exceed 15 acre-feet in a radius of ½ mile surrounding the proposed point of diversion.
  - (B) Well spacing criteria have been met.

- (f) The price of instant tickets sold by a retailer for this game shall be \$5.00 each.
- (g) "Instant Millionaire" is a ticket with three different games. Games 1 and 2 are symbol match games. A player will remove the scratch-off to reveal one "LUCKY SYMBOL" and three "YOUR SYMBOLS." If any of the "YOUR SYMBOLS" match the "LUCKY SYMBOL," the player wins the prize shown below that matched symbol. A player can win three times in each of game 1 and 2 play areas.

Game 3 is a key number match game. A player will remove the scratch-off material to reveal two "GOLDEN NUMBERS" and 10 "PRIZE NUMBERS" with a prize amount below each of the "PRIZE NUMBERS." If any of the "PRIZE NUMBERS" match either of the "GOLDEN NUMBERS," the player wins the prize shown below that matched number. A player can win 10 times in this game play area.

- (h) Each ticket in this game may win up to 16 times.
- (i) Approximately 600,000 tickets shall be ordered initially for this instant game. Additional ticket orders shall have the same prize structure, the same number of prizes per prize pool of 300,000 tickets, and the same odds as were contained in the initial ticket order.
